

For Immediate Release
BizTech Supports the LiveSTRONG Challenge

King of Prussia, Pennsylvania. September 12, 2006- BizTech was a supporter in the LiveStrong Challenge race in which was held in Philadelphia, PA on September 10, 2006. The event included running, biking, and walking as team members raced for themselves, friends, and family in support of the Lance Armstrong Foundation.

As a result of gracious contributions to our MPower team. We raised over \$1600 through donations and BizTech added \$950 to match the funds raised through your generosity, for a total of \$2550.

Many showed their support by participating in the race, Matt Mazzone and Maryellen Keane participated in the 5K walk, Margot McDonnell ran and completed the 10k. Kevin completed the 70 mile bike ride. We had several supporters there as well from the Miroslaw and Guinan families.

"It was truly a satisfying morning encouraging runners who were struggling in the last mile or two; watching the heroic efforts of survivors who were clearly determined; and hearing the stories of people touched by cancer in so many ways. Our efforts and donations can provide resources to help the families and patients dealing with cancer. Besides love and prayer, information and knowledge is critical for everyone concerned." said Margot McDonnell, Partner

About BizTech

BizTech is a regional IT services firm focusing on applied technology solutions for mid-market companies. BizTech's no-nonsense approach is derived from the cumulative experiences of the founders and senior staff, all of whom share a common belief in the simple principle that all technology initiatives must provide business value.

BizTech is committed to providing substantive business value on each and every client engagement. We do this through a combination of industry-specific business expertise, technical skills, proven project management methods and traditional values. We strive to work in partnership with our customers to build high-performance teams and create business solutions that will last.

BizTech has proven qualifications in the areas of IT Planning, Web-Centric Software Solutions, and IT Infrastructure - with emphasis on the leading products and technologies that work in an enterprise arena.

About the Lance Armstrong Foundation

The Lance Armstrong Foundation (LAF) inspires and empowers people affected by cancer. We help people with cancer focus on living; we believe that unity is strength, knowledge is power and attitude is everything. From the moment of diagnosis, the LAF provides the practical information and tools people with cancer need to live life on their own terms. The LAF serves its mission through advocacy, public health and research. Founded in 1997 by cancer survivor and champion cyclist Lance Armstrong, the LAF is located in Austin, Texas.
