

Accelerate CRM On Demand

Low Risk Solution with a Fast Implementation

BizTech Accelerate for Oracle Siebel CRM On Demand is an economical implementation offering designed for implementations of less than 50 users, simple business requirements, with limited time and resources available to spend on planning and deployment.

Start-to-Finish Implementation

You want your organization deployed on Oracle Siebel CRM On Demand as soon as possible so that you can start making the most of your CRM investment. Your business requirements are straightforward, yet you do not have the time or resources to manage your own implementation.

At BizTech, we understand that every customer has different requirements and goals and have therefore developed a portfolio of implementation packages to reflect different customer needs. BizTech Accelerate for Oracle Siebel CRM On Demand is an efficient implementation service led by our experienced Oracle consultants who manage the set up of your new CRM solution from start to finish. We handle every step of the process, using our proven and highly-effective implementation methodology, while partnering with you to ensure that your business requirements are identified and built into your CRM application.

Rapid Deployment, Rapid Return on Investment

Oracle Business accelerators bring proven, best-in-class business flows to reduce the time and costs of implementing enterprise-wide solutions. Using intellectual property from both Oracle and our partners, business accelerators reduce implementation discovery, setup and testing project phases. The result is predictable and expedited access to proven solutions that minimize the risk of new technology adoption.

With BizTech Accelerate for Oracle Siebel CRM On Demand, we target getting your organization live on Oracle Siebel CRM On Demand as soon as possible while still meeting your business requirements. This economical implementation package provides customers with basic project management, requirements gathering, system configuration, data import, system validation, and end-user training – all managed by a certified Oracle expert.

Oracle Accelerate—Unlimited Possibilities for Limited Budgets

Oracle and its partners recognize that growing businesses with limited resources demand comprehensive business solutions that are low-cost, low-risk, and provide industry-specific functionality and faster time-to-value.

Oracle Accelerate delivers a complete set of applications, rapid implementation tools, and an extensive partner system, so mid market businesses can maximize their budgets and achieve real business value quickly. Utilizing a fixed-scope approach, Oracle Accelerate substantially reduces the complexity of more traditional, large-scale implementations.

For customers interested in a rapid, low-risk approach, Oracle Accelerate provides the opportunity to leverage world-class functionality at unprecedented entry-level value.

The BizTech Advantage

Benefit from the experience and efficiency that only BizTech consultants can provide. With BizTech Accelerate for Oracle Siebel CRM On Demand, a certified Oracle expert manages your entire implementation. The BizTech team's success is measured by your success.

BizTech was honored with both a Oracle Partner Titan as well as the Oracle Global Partner Award for our Accelerate Solution.
