

Contract Staffing

Providing Oracle Experts to Companies of all Sizes

Providing the Brightest, Most Talented IT Candidates for Companies of all Sizes

We know people. Talented people who specialize in your industry and have the skill sets required to be productive immediately. As a recognized leader in the Information Technology (IT) Contract Staffing Industry, we have access to a deep network of talented professionals who are open to working on both short-term and long-term projects. No matter how large the scope of the project or how complicated the technology may be, we will provide the ideal candidate for the job. It is our commitment to our clients, and quality of our candidates that have made BizTech the trusted staffing partner for many emerging growth companies as well as Fortune 500 organizations.

Whether you seek to hire temporary staff, contract assignment, or a full time employee, put BizTech's experience to work for you.

Staff Augmentation

Finding reliable staff resources with the right expertise can be challenging and costly regardless of the size of your company. Staff augmentation can help you achieve a number of business goals including faster time-to-market. Our experienced resources will increase the quality of development, while you avoid the cost and time required for internal training and skill development.

- **Lower Total Cost of Ownership (TCO)** - When hiring costs and training investments are removed from the equation, TCO for your business will decline.
- **Increase Efficiency** - Skilled and trained candidates can fit into your team seamlessly, meeting aggressive timelines and challenging deliverables.
- **Increase Customer Satisfaction** - When the project deadline is met or delivered ahead of schedule and the quality is stellar, it will reflect in your customer/ vendor/ stakeholder satisfaction.

About BizTech

BizTech is the leading Oracle Consulting and IT Services firm in the Mid-Atlantic.

For more than a decade we've focused on Oracle applications, technology and consulting services for small, midsize and Fortune 500 companies.

As an Oracle Platinum Partner with over 300 successful implementations, we are committed to Oracle solutions and the service we provide to our clients.

BizTech offers a unique combination of proven industry methods and experienced Oracle experts to lead your organization through changes required to manage, build, and implement business driven solutions.

Direct Placement Services

BizTech's Direct Placement Services unites our established recruiting network with a team of direct hire recruiters focused specifically on filling permanent placement positions. Our recruiters represent candidates with successful track records and years of expertise in their respective sectors. Fully screened candidates can be delivered for interviews to your location within days.

Contract to Hire

When technology issues arise they don't have to be distracting and taxing on your internal resources. We provide assistance to augment your staff with the talent you need on a temporary-to-permanent or contract-to-hire basis. This arrangement provides an evaluation period during which the prospective employee works in the client's environment, contributing to the project team, while being assessed for technical expertise and compatibility.

Technical Expertise

BizTech provides functional and technical consultants experienced in world class ERP applications, implementations, upgrades, and Business Intelligence engagements across a variety of industries. Our resources can fulfill key roles as Business Analysts, Project Managers, Developers, Trainers and Interim End-users. Our expertise includes, but not limited to, the following applications:
